

Chained Dog Rehabilitation & Rehoming NZ Newsletter

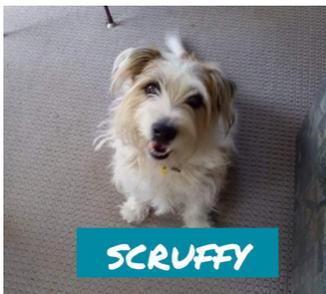

HOW WE ARE WORKING AROUND COVID

This year has had its challenges, especially since we have had to back into level 3/2 lockdown. Throughout Level 3 we had put our adoptions and meet and greets on hold, we did this for the safety of our volunteers and the public. Now that it is level 2 we will start to work under more normal conditions, however we will still be taking precautions when necessary. This means that meet and greets and adoptions will now go ahead however we will still try to keep a social distance.

THE NEW KIDS ON THE BLOCK

We had a busy few days getting some dogs out of multiple Animal Shelters leading into Level 3 lockdown. Within 5 days we took in 8 dogs. All of these dogs are now in foster care and are learning how to become a respectable member of a family. We will be spending some time getting to know these new additions to the CDRRNZ family and will update their profiles with more information as we get it. Please [click here](#) to view all of our dogs.

RUBBLE AND CHIEF'S NEW ADVENTURE

Rubble and Chief have moved to not only to a new region but a new island. They have been staying with Aspiring Canines in Otago and have been learning the most valuable skills in order to be the best dogs that they can be. Both of these dogs have come from our outreach program and have already come leaps and bounds from when they first come into our care. If you would like to donate towards the Rehabilitation of these two handsome boys, please [click here](#).

MEET OZZIE

When Ozzie came into our care it was obvious that his legs were causing him pain. We quickly arranged some xrays and it was discovered that he suffers from a loose patella, bow legs, lesion on bone and various other things. But that's not the saddest part. Ozzie has a slug pellet embedded in his leg, which no animal should ever have to experience. To fix all of these issues Ozzie may have to undergo surgery because he deserves to be pain free.

Ozzie is beautifully natured and did nothing to deserve to be neglected the way that he was. If you would like to sponsor him please [click here](#).
